

She always connected with her Fans ...

Carolyn & Andreas are running the only Diana Ross Fanclub in Germany.

Naturally they are going to Straubing. Carolyn & Andreas are running the only Diana Ross Fanclub in Germany

On Friday the 15th Carolyn Kayser (37) is leaving her home very early , to pick up Andreas Hirsch close to Würzburg with the hope to get an optimum place close to the stage, the (Unterfranke) (part of Bavaria) has seen the admirable Star worldwide more than a dozen of times . Carolyn Kayser has seen her many times before, but not as often as Andreas Hirsch .

“For me there is no other”, describes (Andreas Hirsch) his stardom for Miss Ross. Since my Aunt gave me the Diana & Marvin LP this was in 1974 !, he is sampling all CD’s, bootlegs, programs and posters he can get . Each Cd is followed by many different version . In Japan for example , there are songs on Cd missing , in Israel there is added a different song . It’s a difficult and expensive hobby.

Naturally, they met each other on a concert of Diana Ross . Since they closed the Official fan club a few years ago they decided to go on with a new Fanclub.

Carolyn Kayser had her first experience with Ross when she was 5 years old , and found Records in her brother’s LP collection.

It was not love at first sight, as by Andreas Hirsch, but after and after she listened to her more and more , traveled to concerts and when she talked to the STAR for the first time personally, there was no more stop for her.

Particularly, Carolyn Kayser was impressed how Miss Ross managed her Ups and Downs in her Life, like the separation of the Supremes.

A couple of years ago, Ross brother was shot , her mother died on cancer and last year her ex-husband from whom she was long time Separated died at a climbing accident in South Africa.

She is very much warm and friendly ,, describes Carolin Kayser ,, the singer.

One year ago she has waited with other fans in front the stage entrance of Wembley stadium in London for Miss Ross . When she came out , the limousine in there she was, stopped and she talked to the fans . Ck was very impressed , she recognized me again I was blown away!

Even Andreas Hirsch is telling full of enthusiasm, how Miss Ross came down the stage to the audience and asked him to help her down the stage. She is going always to her Fans and dances with the people Andreas Hirsch is still mad about this happening

Both are afraid, that this is maybe the last big tour of Diana Ross in Europe. She wants to have more time for her kids said Andreas . That's why both of them, are going to almost every Concert of this Tour .

(Andreas Hirsch is looking forward to hear all her greatest Hits. There is nothing special in particular.

There is a secret wish of Andreas Hirsch , that he is carrying to the Donau: " I would like to see the Concert from the side or backstage , in order to see , how they work behind the stage , said Andreas !

So he would be able to make some really close up pictures for the Fan Club Homepage WWW.DIANAROSS.DE who, he is running together with Carolin Kayser .

The website is always Updated .
