

(Part Four)

Well she never saw this banner before and it's a little bit long. So she looked at it for a while to read the whole text and was laughing very much....

On Sunday we started at 8.00 am to see our final show in Zürich (100 miles). The venue was so beautiful very Historical.

We had a lot of time and decided to walk through the city for sightseeing.

It was a big Surprise when we were walking, that we saw few guys in front of a Hotel.

We saw that they had some photos of Miss Ross and talked to them. They said, that she just arrived and she will come back for signing.

It was 2.00 pm and we stayed there with them. They told us that they are not fans of Miss Ross. They are autograph samplers and they only want the signature of her. So we were the only 2 REAL fans who waited for her. But we had to wait very long. At 5.45PM she came out. She saw us and started to talk with us while she signed the fotos. She told us how much she appreciate that we are always in the shows and she loves that we are always dancing and joking with her.

She laughed and asked how we do this to be always there because of the long distances between the Venues. We said we are driving by car and she wanted to know who is the driver ? I said it's me. She said, that I must have a lot of energy, because of driving, dancing, singing with her and holding the banners.....

She said: " So you are on tour too right"? We replied yes and laughed.

She asked us if we are going to Spain too? We said, sorry we are not. This is our final show and she will have a complete new front row there... It was very funny and we will never forget this !!!!

Then she got in the car and drove to the venue.

This evening was very special. We talked to the band member Steve Crum at the evening before the concert and we made a date after the show to say goodbye to all.

The show was fantastic. She knew that this was our last show and she was always dancing and singing in front of us and blew kisses to us.

Like always she left the stage with "I will survive".....The crowd went crazy and I hoped that this time she will give an Encore.... But...no way.

So we went to the Band and said goodbye to them.

We hugged each other and they said they gonna miss us...

We went back to the Hotel and on Monday I got home after driving about 500 miles and 9 hours.....
